IN RE: Generic Proceeding to Explore a Formal) ORDER GRANTING

Generating Capacity)

This matter comes before the Public Service Commission of South Carolina (the Commission) by way of Motion to Intervene in the above-captioned proceeding from EnerNOC, Inc. (EnerNOC). Pursuant to Commission Order No. 2005-2, this proceeding was initiated in June 2005 to explore whether to implement a formal Request for Proposal (RFP) process for utilities that are considering alternatives for adding generating capacity and, if so, what should be included in the RFP process and how RFPs should be evaluated.

EnerNOC, by motion filed November 29, 2007, is petitioning to intervene in the docket. By its Petition, EnerNOC is requesting to be made a party of record, which would allow EnerNOC to fully participate and take such position as EnerNOC deems advisable in this proceeding.

Upon consideration of the motion, the Commission finds and concludes that the motion of EnerNOC to intervene should be granted. Although the motion was filed well past the return date in this docket, the Commission discerns no prejudice to any party by granting EnerNOC's motion, nor has any party expressed any opposition to the motion.

IT IS THEREFORE ORDERED THAT:

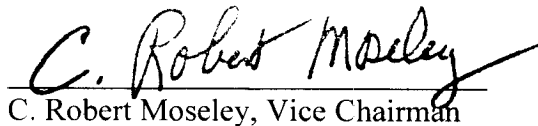

1. EnerNOC, Inc.'s Motion to Intervene in Docket No. 2005-191-E is granted.
2. This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

G. O'Neal Hamilton, Chairman

ATTEST:

C. Robert Moseley, Vice Chairman
